

# Embellishment Attic™ Bow Maker™

## Instructions

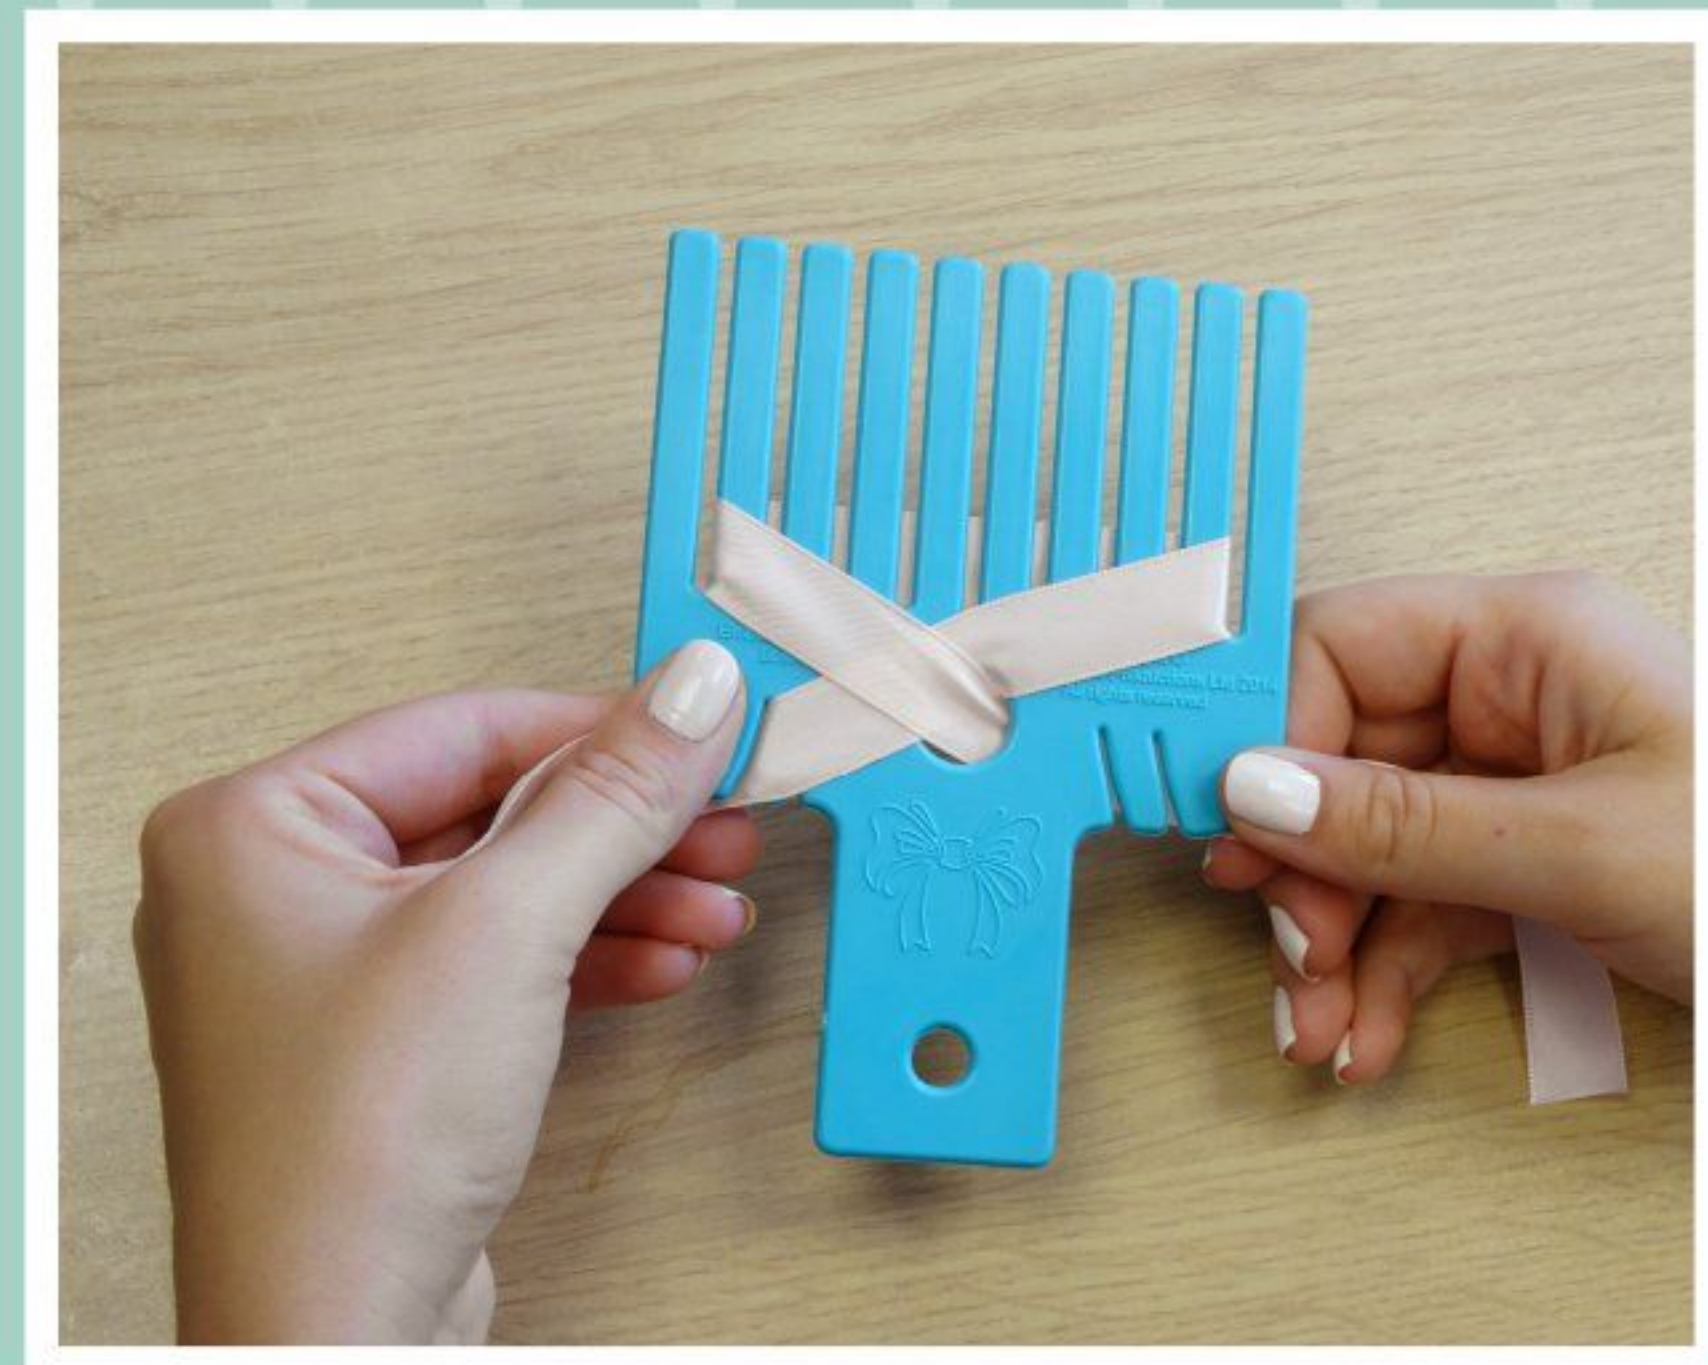

### Step 1

Place your ribbon through one of the bottom slots to secure in place. Thread the ribbon through your preferred top slot. The further the slot from the centre, the larger your bow will be.

### Step 2

Thread the ribbon through the corresponding slot on the opposite side of the Bow Maker and push through the central hole.

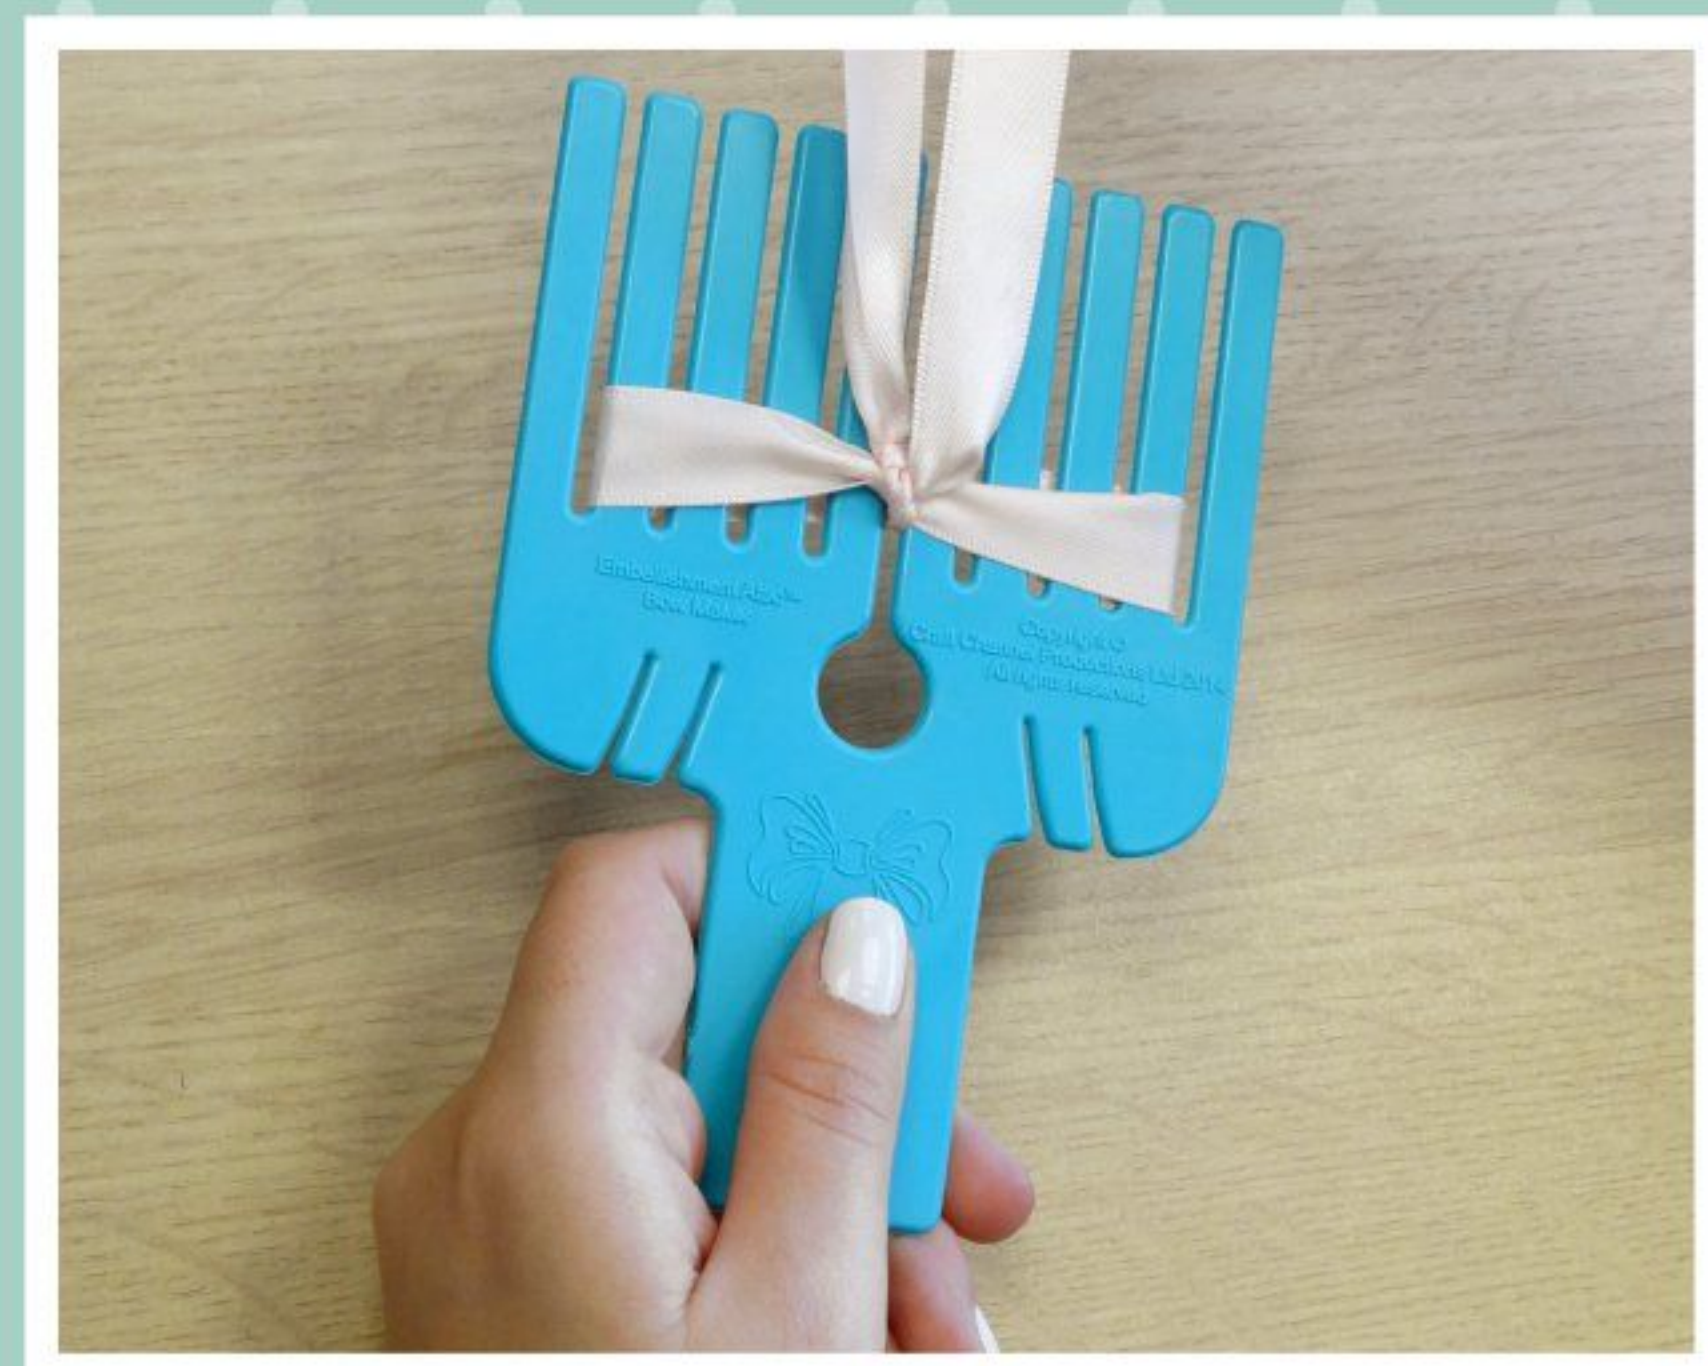

### Step 3

Pull the ribbon up and pull through the central slot, release the ribbon from the bottom slot and tie together to form the knot.

### Step 4

Pull the tails upwards and slide the ribbon off the Bow Maker.

### Step 5

Your bow is now ready to decorate your chosen project.

*The combinations  
are endless!*
