

ARROW CARD

1. Cut out the template, score along the dotted lines and cut along the solid lines. If you are using the SVG version these will have been done for you.
2. Mountain fold along the red dotted lines and valley fold along the green dotted lines.
3. Fold the template in half to create an arrow fold card.

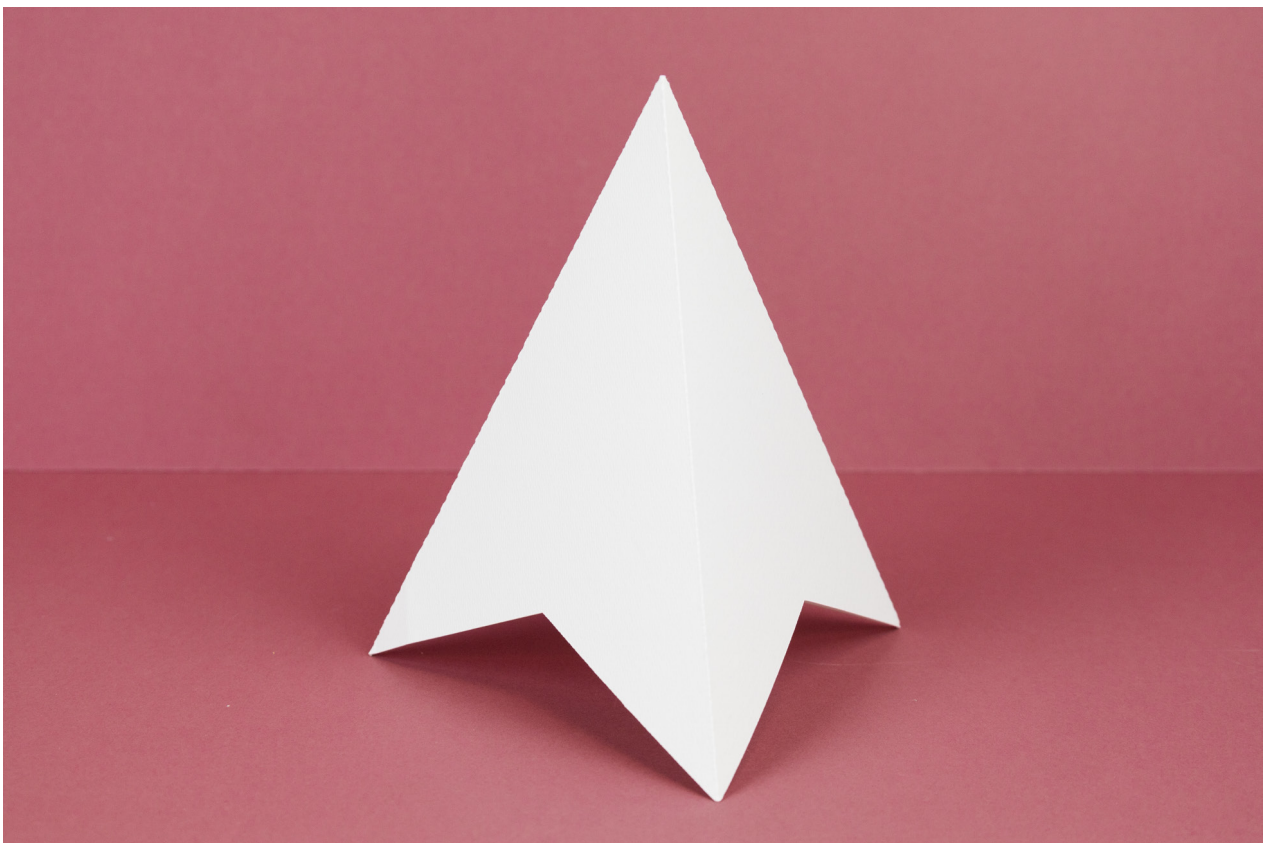

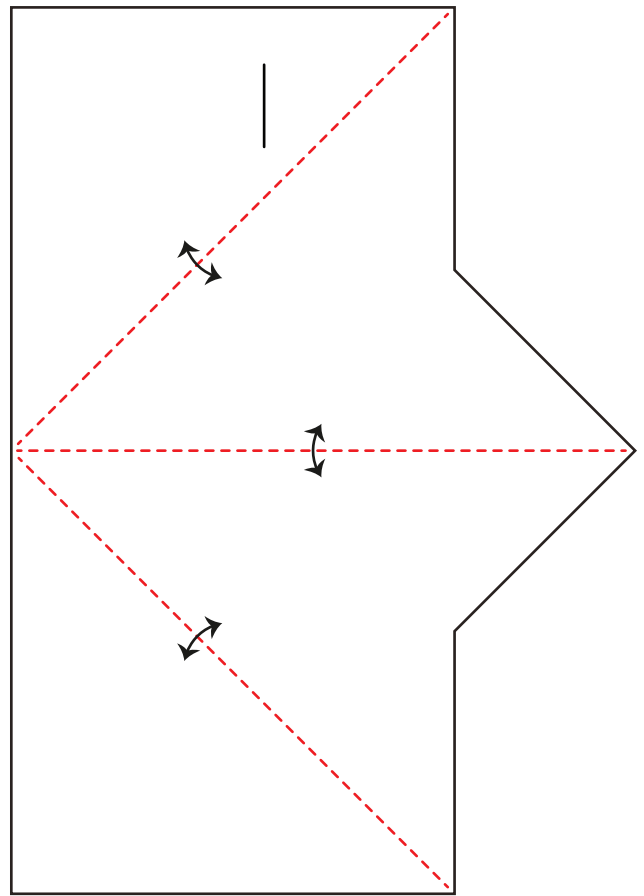

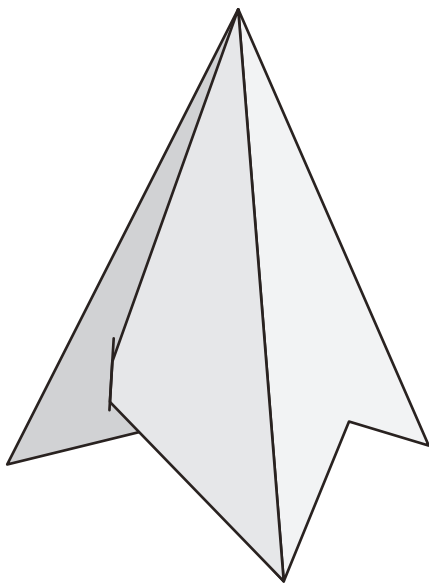

DOUBLE Z-FOLD CARD

1. Cut out the template, score along the dotted lines and cut along the solid lines. If you are using the SVG version these will have been done for you.
2. Mountain fold along the red dotted lines and valley fold along the green dotted lines.
3. Fold up the template to create a double Z fold card.

PYRAMID FOLD CARD

1. Cut out the template, score along the dotted lines and cut along the solid lines. If you are using the SVG version these will have been done for you.
2. Mountain fold along the red dotted lines.
3. Fold up the template and slot the point into the slit to create a pyramid fold card.

DIAMOND FOLD CARD

1. Cut out the template, score along the dotted lines and cut along the solid lines. If you are using the SVG version these will have been done for you.
2. Mountain fold along the red dotted lines and valley fold along the green dotted lines.
3. Fold up the template to create a diamond fold card.
