CRAFT MASTER

Box Easel Card SVG Instructions

BY VIKKI DEAKIN

Cutting List :

1 x Box

1 x Sleeve

1 x Handle

1 x Mechanism

1 x Card Base

All mats & layers

1. **Fold all of the score lines on the Box. Glue the four tabs to the bottom section of the sides of the Box. Fold over and glue the flaps down to cover the tabs.**
2. **Glue the tab on the Sleeve section to the right hand side of the aperture panel. Fold the perforation lines as mountain folds and glue the overlap together to create the base of the Sleeve.**
3. **Glue the square section on the Mechanism centrally to the inside of the back of the Box. Pull the rest of the Mechanism through the aperture. Skip the first rectangle after the square and glue the second rectangle to the back of the Card Base. Fold the tab as a valley fold and glue it to the underside of the front of the Sleeve.**
4. **Attach the Handle.**
5. **Decorate with the mats and layers.**
