

ART DECO CARD INSTRUCTIONS

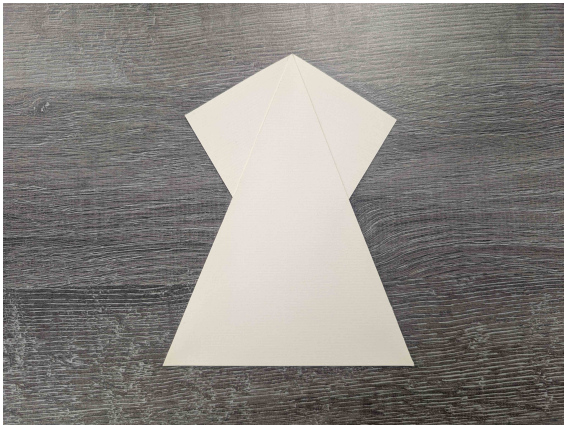

BY KATH WESTWOOD

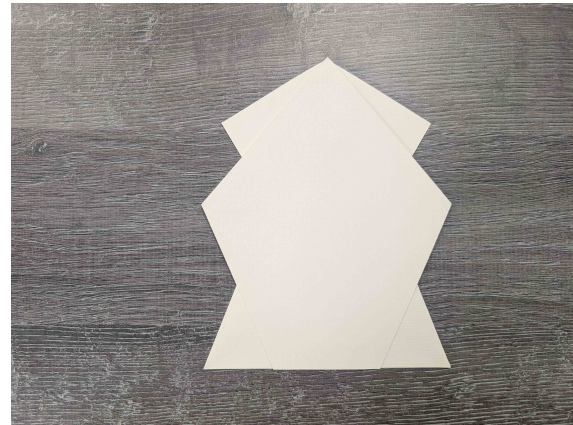

1. Cut out the Base Card template piece. Score & mountain fold on the inner diagonal score lines and score and valley fold on the outer diagonal score lines. If you are using SVG files these will be done for you the score lines are done for you.

2. Turn the template piece over, fold the edges inwards and secure flat with tape or glue.

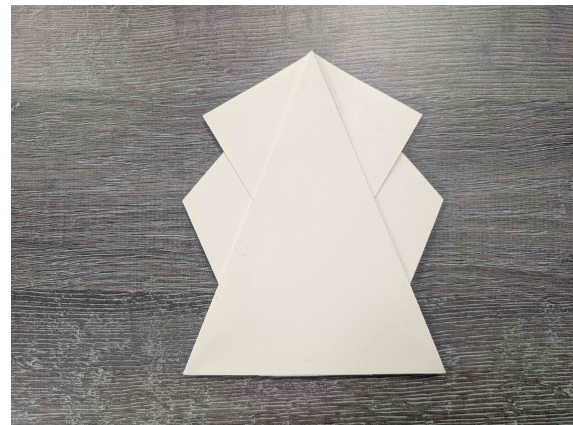

3. Cut out the Card Back 01 piece. Still working from the back, mat onto the card to cover the folds.

4. Cut out the Card Back 02 piece and mat onto the back of the card.

5. Cut out the Stand template piece. Score & valley fold on the score lines. If you are using SVG files these will be done for you the score lines are done for you. Mat onto the back of the card.

6. This is the finished card. Be sure to attach all mats and layers to each piece before building the card.
