

DIAMOND PANEL CARD INSTRUCTIONS

BY KATH WESTWOOD

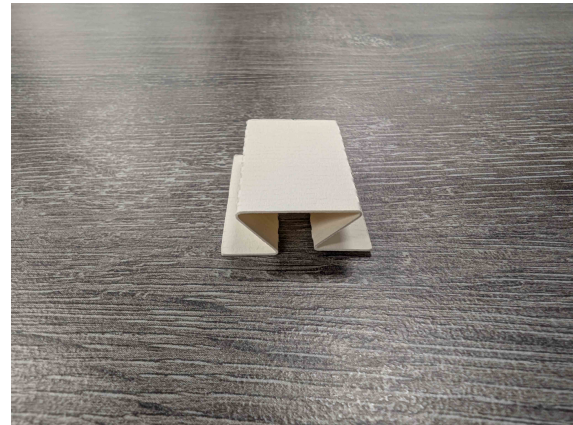

1. Cut out the Diamond Panel Card Front template piece and score and mountain & valley fold on the score lines where instructed. If you are using SVG files these will be done for you the score lines are done for you.

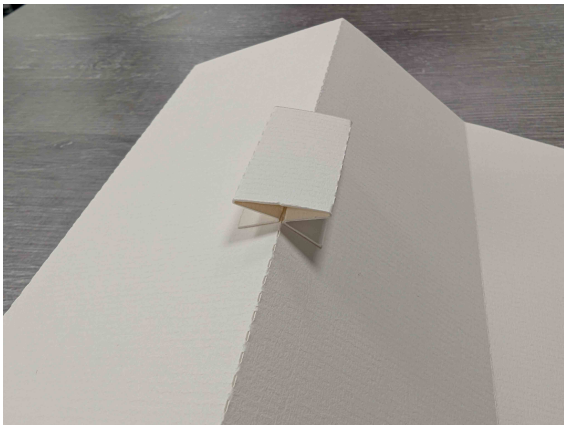

2. Repeat with the Diamond Panel Card Back and attach to the tab of the Card Front.

3. Fold the card and completely glue together the end panels, leaving a diamond opening.

4. Fold the Circle Mat Holder as seen in the above image.

5. Attach the bottom tabs to the front of the card so the tabs sit either side of the fold on the diamond section.

6. Attach the Circle Mat to the holder on the front of the card.
