

FOLD FLAT GIFT BOX INSTRUCTIONS

1. Cut out all template pieces and score and fold on the lines where instructed. Fold up the Box Base, so the diagonal score lines fold those panels inwards.

2. Glue the Box Lid to the inside of the top edge of the Box Base.

3. Fold the triangle sections inwards and glue to the side panel of the box.

4. Repeat with the other side of the box.

5. Fold the lid over and secure onto the side of the box with a craft magnet.
