

HIDDEN WATERFALL CARD INSTRUCTIONS

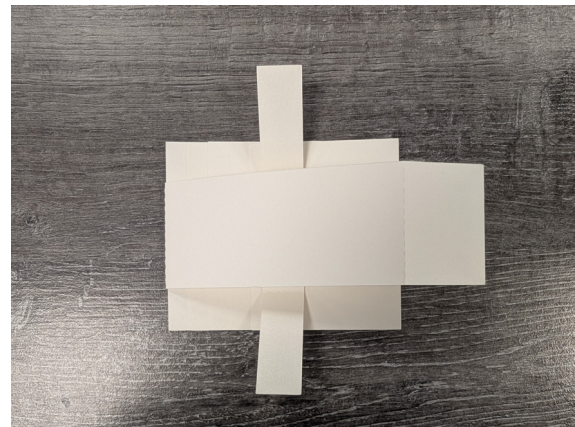

1. Cut out all template pieces and score and fold where instructed. Mountain fold on the score lines of the Waterfall Mechanism.

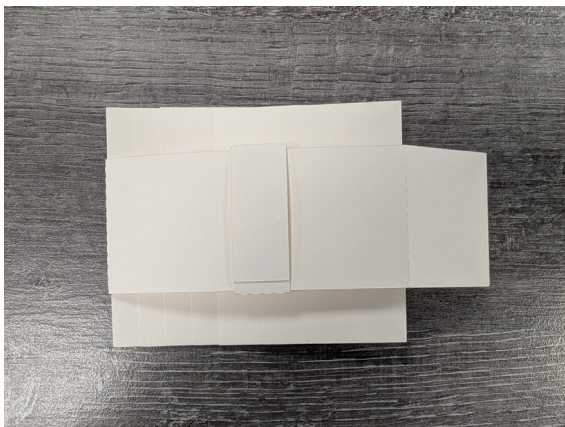

2. Attach a Waterfall Panel to the far tab on the right side of the Mechanism piece.

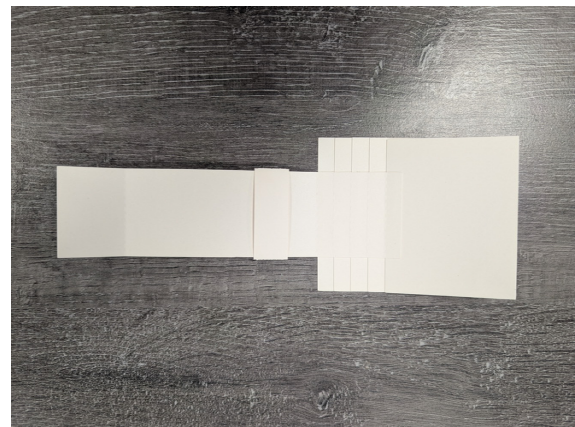

3. Continue adding the Waterfall Panels to the rest of the folded tabs.

4. Fold the Mechanism piece over the Waterfall Panels and place the Waterfall Slider underneath.

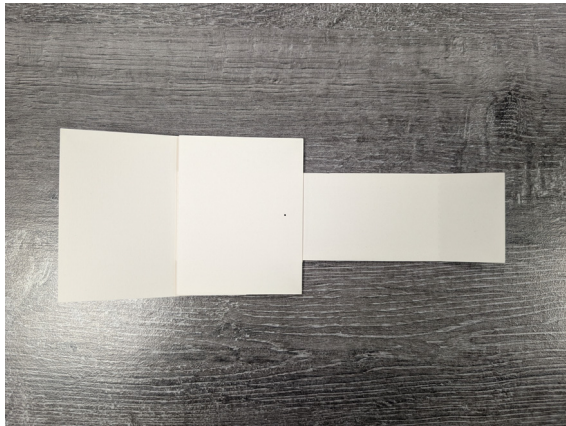

5. Fold the top and bottom of the Waterfall Slider into the middle and glue closed.

6. Open the Mechanism back up.

HIDDEN WATERFALL CARD INSTRUCTIONS

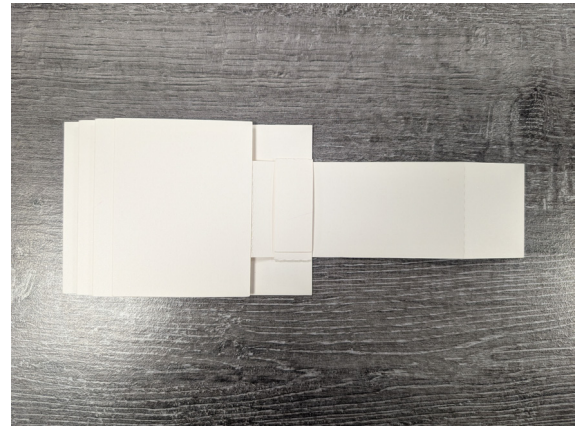

7. Turn the card 180 degrees. Open the top Waterfall Panel and slide the Waterfall Slider so it lines up with the right edge of the panel. Stick the Mechanism to this top panel.

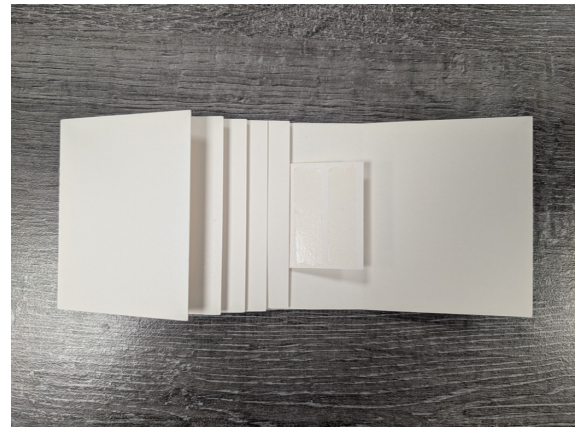

9. Valley fold your Card Base.

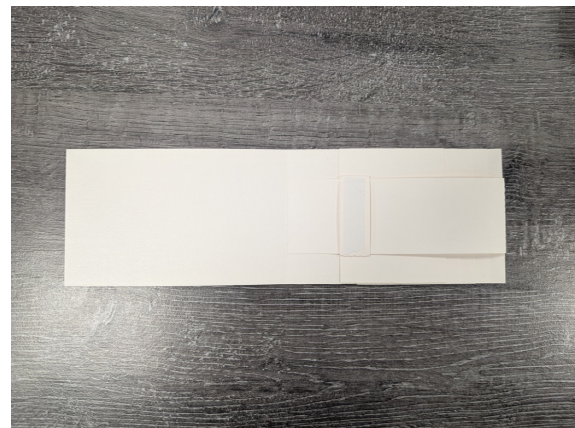

11. Fold the right side of the Card Base over to stick onto the tab and conceal the Waterfall Panels.

8. If you turn the card over it would look like this.

10. Place the Waterfall Panels onto the larger side of the card base, so the edge of the left Waterfall Panel lines up with the edge of the Card Base. Add glue to the Mechanism.

12. Turn the card over and add glue to the other side of the Waterfall Slider and close back up to stick this to the Card Base.
