

PENTAGON POP OUT CARD INSTRUCTIONS

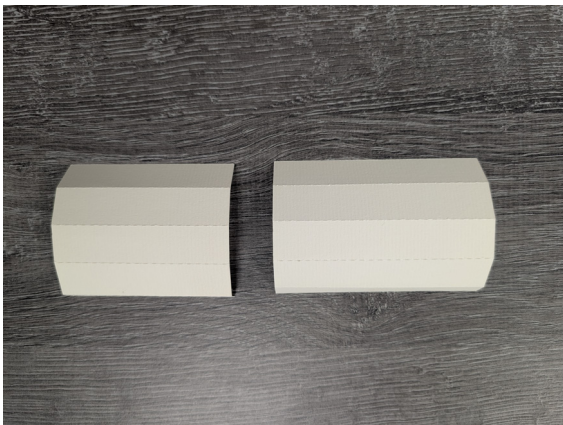

BY VIKKI DEAKIN

1. Cut out the Card Back template piece and score & mountain fold on the score lines where instructed to create a tab. If you are using SVG files these will be done for you the score lines are done for you.

2. Cut out the Card Front template piece. If using the physical template piece, you do not need to score the line at the top of the pentagon. Attach this to the tab on the Card Back to create a tent card.

3. Cut out the Pop Out 01 & 02 template pieces and score & mountain fold on the score lines where instructed. If you are using SVG files these will be done for you the score lines are done for you.

4. Fold these pieces up to create a tube and stick closed using the tabs.

5. Attach the larger square tube to the bottom of your card front.

6. Cut out the Pentagon 01 piece and mat onto the front of the square tube.
