

TRIPLE PANEL POP UP CARD INSTRUCTIONS

BY LOU PATTEN

1. Cut out all template pieces and score and fold where instructed. Fold the Card Base in half to create a card.

2. Fold up the Mechanism piece to create a square tube. Attach onto the inside of the card so the open edges of the tube sit along the centre fold line of the card.

3. Mat the Inner Panels onto the Mechanism so two are on the right side of the card and one is on the left side of the card and the three panels are evenly spaced top to bottom.
