CRAFT MASTER

Circular Waterfall Card SVG Instructions by Vikki Deakin

Cutting List :

1 x Arm
1 x Card Fastener
1 x Card Front
1 x Card Back
1 x Mechanism
15 x Card Squares
All mats and layers

1. **Glue the card front to the card back.**
2. **Cut both mats with the hole in the middle and glue together.**
3. **Fold and glue the arm**
4. **Push a brad through the hole in the arm and through the two mats with the holes in them and glue the mats to the inside back of the card.**
5. **Mat and layer all the squares.**
6. **Fold all the score lines on the mechanism both ways.**
7. **Starting on the right hand side of the mechanism, glue a square to each panel lining it up with the score lines.**
8. **Fold the first section on the mechanism back and glue in place.**
9. **Glue the arm to the the back of the mechanism on the right hand side.**
10. **Glue the fastener to the back of the card.**
