These instructions are to show you the basic construction of the card. Please add mats and layers as you build the card.

1. Cut out all pieces from your chosen cardstock. On the Handbag Front and Handbag Back pieces, fold down the small top tab and glue.

2. On the Handbag Side pieces, fold the top tab inwards and mountain fold the inner score lines.

3. Attach the Side pieces to the side tabs of the Bottom piece.

4. Attach the Bottom and Side pieces to the Front piece using the tabs.

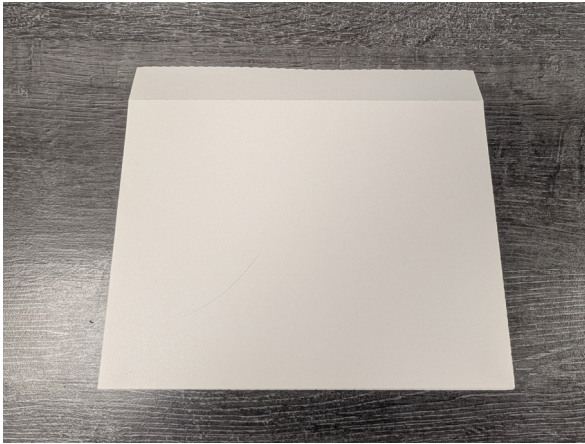

5. Glue to top tab of the Pocket piece onto the inside of the Handbag Front so it sits directly under the slot.
