# Rectangle Spinning Cube Card SVG Instructions

BY VIKKI DEAKIN

**Cutting List :**

**2 x Front and Back Frame**

**2 x Inner Sides**

**2 x Outer Sides**

**2 x Sleeve Front & Back**

**2 x Sleeve Sides**

**3 x Spinning Boxes**

**All mats & layers**

1. **Glue the four inner sides together alternating the solid sides and the sides with the holes. Fold all the tabs as valley folds and glue together to create a rectangle with the tabs facing outwards.**
2. **Glue the frame made from the inner side panels around the aperture of the back of the front frame.**
3. **Fold up the three spinning boxes and glue together using the tabs to create three cubes.**
4. **Cut a wooden kebab skewer to 260mm long. Slide the skewer through one of the holes on the inner frame sides. Slide the skewer through the holes on all three cubes and then through the hole on the other inner frame side.**
5. **Fold the tabs of all four outer sides as mountain folds and glue them together to form one long strip. Fold and glue to create a rectangle with the tabs facing inwards. Glue the corners together on the back but leave them open on the front.**
6. **Attach the large frame made from the outer side panels to the back of the front frame with the glued corners facing down.**
7. **Add hot glue to the ends of the wooden skewer where they meet sides of the outer panels to keep this in place.**
8. **Attach the back frame to the tabs on the outer and inner side panels.**
9. **Mountain fold the tabs on the sleeve sides. Attach to the sleeve front and back pieces alternating the pieces. Close up the sleeve using the tab.**
10. **Cut all mats & layers and decorate as desired.**
