

GIFT BAG

1. Cut out the template, score along the dotted lines and cut along the solid lines. If you are using the SVG version these will have been done for you.
2. Mountain fold along the red dotted lines and valley fold along the green dotted lines.
3. Glue the long tab to the long edge of the gift bag. Fold in the bottom side tabs, the two bottom tabs gluing the last one to close the bag bottom. Decorate with your mats & layers. If using the SVG mat & layers, all layers are on one file. Please delete the files you don't want before cutting.
