

## MIURA FOLD CARD

1. Cut out the template, score along the dotted lines and cut along the solid lines. If you are using the SVG version these will have been done for you.
2. Mountain fold along the red dotted lines and valley fold along the green dotted lines.
3. Fold the template to create a Miura Fold Card. A Miura fold is a method of folding a flat surface such as a sheet of paper into a smaller area.
