May all that is happy
and all that is bright
be yours on your birthday,
from morning 'till night
And then through the year
may the same thing hold true,
so that each day is filled
with life's best things for you!

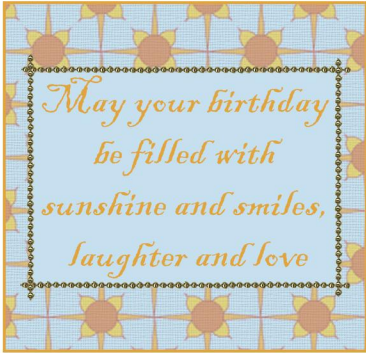

May you always feel as close as you do this day.
May your lives be graced with good health.
May you always find happiness in your home,
and may it be a refuge from the storms of life.

Now there is no more loneliness, for
each of you will be companion for the

Now you are two persons, but there
is only one life before you.

begin the days of your life together.
May your days together be good and
