

## PULL-UP BOX

1. For the Pull Handle, Glue all 3 pieces together before decorating.
2. To make the Outer Box, glue the Back to the back edge of the Base, making sure that the Back Sits on top of the Base.
3. Glue the Sides onto the Base and Back, making sure they sit on top of the Base.
4. Glue the Front on to the Sides and Base, ensuring that the Front sits on top of the Base.
5. To create the Inner Box, glue the Back to the back edge of the Base, making sure that the Back Sits on top of the Base.
6. Glue the Sides onto the Base and Back, making sure they sit on top of the Base.
7. Glue the Top to the Sides and Back, ensuring that the Top sits on top of the Sides and Back. Glue the remaining Top piece directly on top.
8. Glue the Shelves into the Inner Box.
9. Take the Lid Cover and the Inner Box and carefully align the Lid Cover to be central to the inner box and glue in place.
10. In the centre of the Lid Cover, glue the Pull Handle securely in place.
11. Place the Inner Box inside of the Outer Box.
