

## TRINKET CHEST

1. To make the 4 drawer unit, glue the Back piece onto the Base piece.
2. Glue one of the Side pieces onto the Base and the Back piece.
3. Place the notch on the Lid piece into the hole on the Side piece. Glue the other Side piece onto the Base and Back piece so it sandwiches the Lid piece in between the Sides.
4. Glue the Front to the Sides and Base.
